PRODUCT SPECIFICATION

CATALOG NUMBER: A28080

PRODUCT: Cytomegalovirus Monoclonal Antibody

IMMUNOGEN: Early proteins of Cytomegalovirus

SOURCE: Immunoglobulin from mouse ascites

FORM: Each vial contains antibody in PBS, pH 7.4, with 0.1% sodium azide as preservative.

PURIFICATION: Purified by chromatography on protein A Sepharose. Purity is tested by electrophoresis.

SUBCLASS: IgG$_{2a}$

STORAGE CONDITIONS: 4$^\circ$C

APPLICATION: Detection of Cytomegalovirus in immunoassay. Reacts with 65 kDa protein of Cytomegalovirus in ELISA and Western Blot.
