PRODUCT SPECIFICATION

catalog number: J46810
product description: Zika NS1 Antigen, Recombinant
lot number: [lot specific]
source: Insect cells (contains His tag)
form: Liquid
purification method: Affinity chromatography
purity: >85% (by SDS-PAGE)
buffer: PBS, pH 7.4
preservative: 0.09% NaN₃
concentration: [lot specific] mg/mL (by Bradford assay)
specificity: This protein is reactive with IgG and IgM antibodies.
application/notes: This protein is suitable for use in ELISA or lateral flow assays.
storage: -20°C avoiding multiple freeze thaw cycles.
hazard/biohazard: This material contains sodium azide as a preservative; take appropriate precaution. There is no known biohazard associated with this product.
