

PRODUCT SPECIFICATION

catalog number:	J61431
product description:	Glucagon Antigen, High Pure
lot number:	[lot specific]
source:	Human
form:	White powder
purity:	>99.0% by HPLC
solubility:	5% Acetic Acid (1mg/ml)
peptide content:	87.0%
molecular weight:	3482.8
storage:	-20°C avoiding multiple freeze thaw cycles.
