

PRODUCT SPECIFICATION

catalog number:	V91141
product description:	Vitamin D Derivative – Biotin
lot number:	[lot specific]
form:	Lyophilized
concentration:	[lot specific] mg/mL
reconstitute	Reconstitute in Ethanol
storage:	-20°C before and after reconstitution in inert gas environment
pairing:	This antigen can be used with A91156, A91157 or A91158 as conjugate
hazard/biohazard:	There is no known hazard or biohazard associated with this product.
